

TradeAID

Bolgatanga, Ghana

TradeAID supplies original high quality basketry from the Upper East region of Ghana. This is where Africa's most popular basket, the Bolga Basket, is produced. This may be the second poorest region in Ghana, but it is certainly rich in talent. Our traditionally woven baskets made from locally available and renewable elephant grass meet the highest standards. TradeAID tackles poverty while connecting the people of Bolgatanga to the world.

Export products: *shopping baskets, storage baskets, musical instruments*

Export destinations: *Europe, USA*

Certifications: *WFTO membership in process*
